GitHub: github.com/JimyKalal | LinkedIn: linkedin.com/in/jimmy-kalal-30135a255

Enthusiastic and disciplined backend developer with solid experience in building REST APIs, integrating databases, and creating secure backend systems. Comfortable with authentication, routing, and middleware using Node.js, Express.js, and MongoDB. Quick learner, team player, and highly motivated to contribute to impactful web applications.

EXPERIENCE

Backend Developer Intern (Offline - 1 Month)

Worked on backend development using Node.js, Express.js, MongoDB, and JWT. Built functional backend projects like Task Manager App and Online Grocery Market.

PROJECTS

Task Manager App

- Full-stack app using Node.js, Express, MongoDB, JWT
- Includes user login/authentication and task CRUD operations

Online Grocery Market

- Backend API for e-commerce-style grocery site
- Includes item management, user auth, and cart handling

Student Score Predictor (ML Project):

- Developed a simple ML model using Linear Regression to predict student scores based on study hours. Used Pandas for data handling, Matplotlib for visualization, and scikit-learn for model training and evaluation.

SKILLS

Languages & Libraries: HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, EJS, Pandas, Matplotlib
Backend: Node.js, Express.js, REST API, Middleware, JWT Authentication
ML: Data Handling (Pandas), Data Visualization (Matplotlib), Model Evaluation, scikit-learn
Database: MongoDB, Mongoose (Schema Design, CRUD, Validation)
Tools & Platforms: Git, GitHub, Postman, CORS
Soft Skills: Communication, teamwork, adaptability, problem-solving, fast learning

STRENGTHS

- Strong backend logic-building and API implementation
- Curious and eager to explore different tech domains
- Confident communicator and committed team contributor

EDUCATION

Secondary School - PP Savani Chaitanya Vidhya Sankul (2020-2022)

BTech in IT - AD Patel Institute of Technology (2022-2026 expected)

CGPA: 8.71 (till 6th semester)

LANGUAGES   English, Hindi, Gujarati
