SKILLS

Technical:

HTML5, CSS3, JavaScript,

Node.js, Express.js, React,

Bootstrap, Tailwind CSS,

Git, GitHub, LocalStorage,

REST APIs

Learning Interests:

MongoDB, Digital

Marketing

Soft Skills:

Strong communication,

creative thinking,

adaptability, quick learner

EDUCATION

SECONDARY SCHOOL

PP SAVANI Chaitanya Vidhya Sankul
2020 - 2022

BTECH IN AD PATEL INSTITUTE OF TECHNOLOGY (CURRENTLY STUDYING)

CGPA: 8.71/10 till 6th sem

2022 - 2026

PROFILE

IT Engineering student with a strong foundation in web development and a passion for learning new technologies. Currently exploring backend development using Node.js and Express.js, and integrating third-party APIs into real-world projects. Open to diverse roles to broaden industry exposure and gain real-world experience through internships and live placement opportunities.

PROJECTS

TASK MANAGER APP (BACKEND)

- Task Manager App: A full-stack web app to manage daily tasks using Node.js, Express.js, and JavaScript with backend routing and server-side logic.

RANDOM JOKE GENERATO

- Created a web app that fetches jokes using a third-party API and displays them dynamically using JavaScript.

WEATHER APP

- Developed a weather information app that uses an external API to fetch real-time weather data for user-specified cities.

CURRENCY CONVERTER

- Implemented a currency converter using Node.js and an exchange rate API to convert between different currencies in real time.

STRENGTH

- Quick to learn and apply new technologies (currently exploring backend development and databases).
- Flexible and open to exploring diverse domains including marketing and backend technologies.
- Self-motivated and focused on consistent improvement
